ALL-COUNTY LETTER NO. 82-106

TO: ALL COUNTY WELFARE DIRECTORS

SUBJECT: STATISTICS ON AFDC FG/U CHILDREN AND CHILDREN IN FOSTER CARE NEEDED
TO IMPLEMENT THE ELEMENTARY AND SECONDARY EDUCATION ACT FOR OCTOBER
1982.

REFERENCE:

This letter transmits reporting instructions for the collection of 1982 data for allocations under the Elementary and Secondary Education Act (ESEA). Attached statistical Forms CA 802 and 803 will be used for compiling data required by Section III of Title I of the ESEA.

The study month for the ESEA report on AFDC children and foster care children will be October 1982. Only federally eligible AFDC FG/U children and all non-institutionalized foster care children aged 5 through 17 (born in the period November 1, 1964, through October 31, 1977) in families receiving cash grants during October 1982 may be reported. All grants made for the month of October 1982 are to be reported even though the actual check was issued in the prior month. Each county must use the integrated payroll. No sampling or estimating may be used in preparing these reports.

The form and instructions for reporting on AFDC FG/U children have been revised. A list of federally eligible children, aged 5 through 17, in AFDC families receiving grants of \$775.01 or more, is required. There is no need to submit a list of federally eligible children in families receiving grants less than this amount. Also, please prepare a supporting list for these families and children, as requested in the instructions outlined in Report Item 3 on the reverse side of Form CA 802.

The reporting of children in foster care is to be done separately for in-county and out-of-county children. In-county children are those funded by your county living in your county. Out-of-county children are those that are funded by your county but living in another state or county. Again, reportable children are those aged 5 through 17. No supportive list is required for foster children. Do not report children aided by another state or county in your county totals.

The due date for these reports is November 15, 1982.

GEN 654 (7/78)

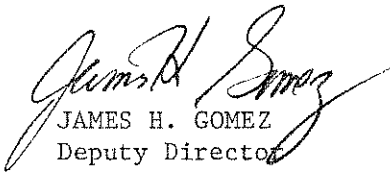

Grants under Title I of the Elementary and Secondary Education Act (ESEA) are to provide services for educationally disadvantaged children. Distribution of these funds is made by the California State Department of Education to the county school districts.

To assist the State Department of Education (SDOE) in the allocation of ESEA, Title I funds, the county welfare department is to release on a computer or manual listing the address of each AFDC FG/U child, aged 5 through 17, in AFDC families who are receiving a grant of \$775.01 or more and \$775.00 or less. The determining factors applied by the SDOE in appropriating funds to the individual schools are based on residence given and the fact they are children of AFDC FG/U families receiving grants below the given grant level for the year of reporting. It is not a requirement, for purposes of preparing the ESEA annual report to the school district, that the name of the school attended by the child be given.

Division 19, Confidentiality of Information Manual of Policies and Procedures, Section 19-004.52, states: "Information concerning the number of AFDC families living within a particular school district requested to support entitlement to funds under the Elementary and Secondary Education Act (ESEA) may be released to authorized representatives of the school district. A signed agreement with the school district stating that the confidential information obtained will only be used for purposes of fund claiming under the ESEA and that the district understands that there is a criminal penalty for release or use by the school district for any other purpose shall be obtained. This prohibition includes the use of the confidential records to identify applicants or recipients to school teachers and administrators." Welfare offices are to disclose as little information as possible to meet the surveyor's needs. Addresses may not be retained after the survey is completed, and no one but the surveyors, themselves, may have access to the information.

Since the Statistical Services Branch is set up with microfiche equipment, counties may elect to transmit ESEA report data via microfiche.

Any questions regarding these reports should be directed to the Statistical Services Branch at (916) 445-7400.

(For the purpose of this report, a children's institution is a group facility for children under 18 years of age, operated by a person, association, or corporation which accepts for 24-hour care more than 15 children under 18 years of age or a smaller number if the facility is institutional in character, i.e., has a defined staffing structure.) They are not funded under Public Law 95-480. Enter the total number of reportable children in Items 1, 1.a., and 1.b., as appropriate, below.
